Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • I want my loan approval quickly. • I have submitted all the required documents. • I hope my application is approved without delays.	THINKS • Will my credit history affect my loan approval? • Is my income sufficient to get the loan? • I hope the bank makes a fair decision.
PERSONA NAME (Role / User Type)	
DOES • Enters personal and financial details into the application. • Uploads required documents. • Waits for the loan approval result	FEELS • Anxious about whether the loan will be approved. • Confident if they have a good credit history. • Relieved when they receive a quick and accurate decision
